

Lee Donggyu

Chemical and Biological Engineering, Seoul National University
donggyu0607@snu.ac.kr

Education

Seoul National University

Seoul, Korea

B.S. in Chemical and Biological Engineering

Interdisciplinary Program in Artificial Intelligence

Skills

- Chemical & Biological Engineering: process design, bioinformatics
- Programming: C++, Java, Python

Experience

- Bioinformatics Laboratory - Research (from Summer 2026)
- Volunteer Club - community service activities
- Educational Volunteering - teaching/mentoring
- Football (Soccer) Club - team member

Projects

- Middleware system to reduce latency and false positives for LLM inference
